

# **ASSIGNMENT**

# AUTHOR PORTFOLIO WEBSITE

KAVYAA A K

Department of Computer Science and Engineering

## PROBLEM STATEMENT

Develop an AEM website with the following requirements:

- •**Header:** Use OOTB Header component with links to Home, Books (dropdown), About Me, and Contact Me.
- •Footer: Use text or list components for About Me, Contact Me, Books List (open in new tab), and Social Media links.
- •**Home Page:** Use OOTB Content Page template with a Teaser component for an award ceremony and 5-6 content components.
- •Books Page: Use a custom Book Page template. Create book pages under
- •About Me Page: Use the custom Author Component.
- •Contact Me Page: Use text or teaser components for contact details and social media links.
- •Template Configuration: Add header and footer at the template level for consistency.

## **HEADER**

AEM Experience Fragment showcasing the **Header** section with a logo, site title ("STEPHEN KING"), and navigation links for seamless user navigation.

Here if we click the book name it'll get navigated to the respective book page, and the same for about me and reach me

### **FOOTER**

AEM Experience Fragment showcasing the **Footer** section with categorized content:

- •Books list featuring popular titles.
- •About Us section providing information about the site's purpose.
- •Reach Me section for contact details and queries.
- •Follow Us section with social media icons for engagement.
- •A copyright notice at the bottom for legal protection.
- Designed to enhance navigation, user engagement, and provide essential site information.

Here if we click the book name it'll get navigated to the respective book page and the same for the social media icons (Facebook, Instagram and Twitter):

### USED TEASER COMPONENT

A Teaser Component in AEM is used to present a combination of image, title, description, and call-to-action (CTA) links to engage users and guide them to other pages or content.

It is commonly used for

highlighting key content, such as promotions, featured articles, or navigation links, to improve user interaction and boost content visibility.

### Stephen King
